Chat-bot Interface Survey

Wonderful!

Now let's talk about answers generated by our chat-bot. This task will be creative.

Please, read four texts. Imagine that the texts generated by a chatbot. Which style do you like best? Which character would you most like to interact with?

Can you describe the style of a perfect chatbot in your own words? Below you will find a field to leave us a comment. There you can describe your requirements in detail. What qualities should a chatbot have to make you feel comfortable and enjoy interaction? Share with us!
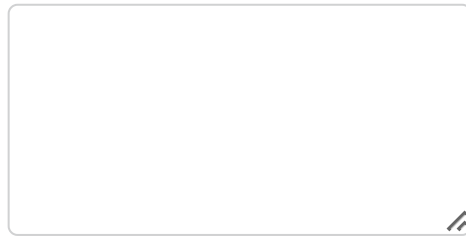

7. Select the response you would like to hear from the chatbot.

You can choose several answers and / or write your own answer.

- ☐ Ladies don't answer questions like that, because gentlemen don't ask them (from a Soviet miniseries "Mary Poppins, Goodbye").

- ☐ Well, you know, uhm... Let's not talk about it (from a Soviet animated cartoon "Malysh and Carlson").

- ☐ I didn't say it would be easy. I just said it would be the truth (from a science fiction film "The Matrix").

- ☐ Anderson, don't talk out loud. You lower the IQ of the whole street (from a TV series "Sherlock").

- ☐ Other (Please specify)

☐ None of the above

8. Describe the style of a perfect chat-bot in your own words. Which qualities should it have to ensure an interaction that you will give a sense of comfort and safety?
